

THE CENTRAL RECORD

PURE RELIGION, UNTARNISHED DEMOCRACY AND GOOD GOVERNMENT.

LANCASTER, KY., FRIDAY, JULY 21, 1911.

NUMBER 15.

TWENTY SECOND YEAR.

WE HAVE A FEW

Buggies & Surries

that we will make a special price on, as we do not want to move them to our new location (Mason Hotel.)

Now is the time to get bar gains in **BUGGIES**. All this work is **GUARANTEED**.

Come early, don't delay and let your neighbor get the choice. They are going to sell.

We can save you money if you will let us.

CONN BROTHERS

Lancaster, Ky.

Before the fair, cut the weeds.

*Bring me your produce. W. H. Ward.

Excursion to Cincinnati next Sunday \$1.75 round trip.

Next Monday is county court day. Call by the office and pay us that dollar.

LOST—Between depot and town a pair of gold, rimmed eye glasses. Finder return to this office and receive reward.

Many of our people are enjoying our new picture show each evening, and the shows compare with those of any large city picture show.

Seats are now in the park and there will be preaching every Sunday night when the weather is good. If it rains then come to the church.

Bro Harvey Estes, son of Mr. and Mrs. Ship Estes filled the pulpit at the Baptist Church last Sunday, and delivered a very interesting sermon.

The dwelling of George Elam was totally destroyed by fire a few nights ago, says he was insured with Ed C. Gaines the insurance man and was paid promptly and in full.

Three good houses are being completed this month, within the town limits. We still need more and hope that some good man will put up about a dozen this fall for they would certainly find ready renters.

The Lancaster and Danville stage line is again on its regular run much to the convenience of the people of both towns. Jim Hatcher is pulling the lines and Uncle Sam couldn't find a better man to perform this service.

Born: to the wife of Mr. T. Coleman Gulley on Monday, a ten pound boy. Coleman says he is to be named James Jeffries, but notwithstanding the lustiness of the youngster we do not think Mrs. Gulley will stand for this name.

It is very seldom that you find more than one devil to a printing office, but the Central Record one has two. Mr. Alexander Robinson and Willie Miller. They make a good team and if you want anything from this office just call 43 and we will have a devil at your door in a short while.

Eld. D. T. Broadus and wife of Canadian Texas are expected this week to visit relatives in this county. Eld. Broadus will begin a series of meetings at Bethel July 23rd. He will also conduct a series of meetings at Scotts Fork beginning the second Sunday in August.

The stock holders of the Lancaster Hospital will meet at my office Friday evening, July 21st, 1911 at 8 P. M. for the purpose of electing officers. All are requested to be present. J. B. Kinnaird, Secy.

Ready For The Circuit.

Mat S. Cohen, the genial horseman, tells The Messenger that he has his string of horses in ship-shape and will make the fair circuits, beginning at Lancaster. As stated in The Messenger, he has a string of winners, and the horses defeating him will have to "go some" to turn the trick.—Messenger.

Republicans and Democrats.

In the last three issues of the paper the Fair Association announced that the Democratic state candidates would attend our Fair on the second day, July 27th, but failed to state that also the Republicans state candidates had been invited and would attend on this same day. The candidates will only be allowed to speak ten minutes each. The Association has also invited Hon. Ed P. Morrow, District Attorney for the Eastern District of Kentucky and one of the most prominent Republicans in the state.

Good Show During Fair.

Beginning Monday night The Evans Comedy Co. will show every night during the week under their spacious tent with a seating capacity of 1500 people on the vacant lot on Hamilton Avenue adjoining the Creamery. This show is composed of 24 people, each and every one of whom is an artist in his or her line. They carry a full uniform band and orchestra and there will be no dearth of good music. Their repertoire consists of such well known plays as St. Elmo, Lena Rivers, Scarlet Letter & C.

It is a first class, clean wholesome show and should be liberally patronized.

Disastrous Fire.

About two o'clock Tuesday morning Mr. C. A. Robinson awakened to find his fine stock barn in flames. The barn was on the opposite side of the road from his house which is five miles distant from town on the Lexington pike. When Mr. Robinson discovered the blaze the roof of the structure was falling in, and he was unable to rescue any of the stock. Five fine horses and four splendid work mules perished in the flames, together with a large quantity of baled hay, corn and oats. Mr. Robinson is at a loss to account for the origin of the fire.

Mr. Robinson carried \$400 insurance on the barn and \$100 on the stock, which will not begin to compensate him for the loss he sustained.

Let's Clean Up.

The Lancaster Fair begins next Wednesday, the annual event which attracts visitors from far and wide to our town. As they see us, so will they judge us. Let us make their criticism as favorable as possible. "Cleanliness is next to Godliness", and costs but very little. Let us place our house in order and be prepared to present the very best possible front to the stranger within our gates. Do now the things that you should do even if you were not expecting company, namely, make a liberal use of whitewash, trim your lawns and cut those unsightly weeds that surround your premises, and do all things necessary to impress the visitors with the fact that we have a cleanly as well as an orderly town.

Mr. John Greenleaf's House Burned.

The residence of J. E. Greenleaf on Lancaster Avenue, which was gutted by fire last Saturday afternoon, was fully insured, and Mr. Greenleaf hopes to begin as soon as possible the rebuilding. It was a dangerous blaze and had gained considerable headway before discovered. Luckily it came at that time, for such a fire when the occupants were asleep would have caused much heavier damages, if not loss of life. In taking furnishings from the burning building, Mr. Greenleaf and his daughter, Miss Van, sustained slight burns on the head and shoulders, caused from falling sparks. There was no one at home at the time except Mrs. Greenleaf, who was unaware of the blaze in the roof until discovered by her neighbor, Mrs. W. T. Griggs.—Climax.

Will Not Run.

In answer to the inquiries as to Judge L. L. Walker becoming a candidate for Circuit Judge of the 13th Judicial district, at the election next November, we are authorized to state that he will not enter the contest but will resume the practice of law in Lancaster at the expiration of his term of office.

During the time that Judge Walker has served on the bench he has manifested a disposition to deal fairly with all parties and especially to safeguard the interest of the people. He has one of the best records of any Circuit Judge in the State of Kentucky as to his decisions being affirmed by the court of Appeals, and it has been demonstrated time and again that Gov. Cox acted wisely in appointing him to succeed the late Judge M. C. Saufley. His able public service has endeared him to the people generally, both republicans and democrats, and if he had entered the race he would doubtless have received a larger vote than any republican ever polled in this district.

Anderson-Richardson.

Mr. and Mrs. George F. Anderson of "Maplewood" near Danville announce the approaching marriage of their daughter, Lillian to Mr. H. A. Richardson, in the early fall. The wedding is to be a quite one at the home of the bride. The contracting parties are well known here, the bride being a sister of Mr. J. M. F. Anderson (Little John) and the groom is a popular salesman for the Remington typewriter.

Blooming Out.

Messrs Joe S. Haselden and Ollie T. Wallace, two well known Lancaster boys, have just completed real estate sales at Crab Orchard and Junction City. At the former place they disposed of 86 lots and the latter 77 lots, the average price realized at the two places being \$40.00 per lot.

These young gentlemen are proving very successful along this line and their services are very much in demand as is evidenced by the fact that they have engaged for two more sales in Kentucky towns in the near future.

Theodore Currey Married.

At the home of the bride in Rome Ga. on Thursday morning at nine o'clock Mr. Theodore Currey of this place and Miss Harriet Fleetwood of Rome were united in marriage. Rev. Headin of the Christian church of Rome officiating. The happy couple left at once for Chattanooga, where after spending a few days they will return to Lancaster and will be at home to their friends at the home of the groom's mother on Lexington Avenue. The bride is well known to Lancaster people, having been a teacher in the Graded school here for several years, and is a lady of charming personality. The groom, of whom it is unnecessary to make mention in the way of introduction, as every one knows him, and to know him is to like him, is one of Lancaster's most substantial business men. He succeeded his father the late T. Currey in the grocery business, and "Curry's" is as well known to the people of the town and county as the public square.

Mail Handled at Lancaster Post Office.

During the month of May the local postmaster, as well as all others at offices of the same class in the United States were required to keep accurate account of the pieces of mail handled by them and the number of times it was handled. That the local postmaster and his assistant have but little time to devote to anything but their business is evidenced by the following figures:—Number of pieces of first class mail handled during the month 41,600, number second class pieces 19,661, number of third class pieces 9,212 and fourth class pieces 782. Congressional and other penalty mail handled 1,136 pieces, foreign mail 10 pieces and registered mail 194 pieces.

It must be taken into consideration that the average number of times this enormous number of pieces of mail matter is handled is three, and that some of it is handled four and five times.

In addition to the handling of this mail, the postmaster must look after his money order business, wait on the delivery windows, answer several thousand questions daily and attend to the hundred and one duties incident to the routine work of his office.

In the years 1898-9 the money order business amounted to from 30 to 60 orders a month, now there is that number issued daily and sometimes as high as 100 orders are issued daily.

The volume of business handled at the Lancaster office compares favorably with the other offices of the same class in the state and surpasses that of many offices of the same class in towns who have many more inhabitants.

A Splendid Opportunity.

Residents of Lancaster and Garrard county who wish to invest in real estate are offered a splendid opportunity along this line by the Texas Land & Improvement Company who will run an excursion to the irrigated district of the Lone Star State on August 1st. The special Pullman sleeping car will leave Junction City for St. Louis, thence via the M. K. & T. for a point near Christal, which is about eighty miles southwest of San Antonio, Tex. and is the heart of the vegetable growing, irrigated belt of Texas, and where is located the lands owned by the above mentioned company.

Garrard county people are not wholly unacquainted with the advantages offered by this land company, many of the most prominent citizens in and around Paint Lick, among whom we may mention Messrs. Ernest Woods and James Burroughs, have already been out there, viewed the lands offered for sale, made purchases and come back highly delighted with the prospects and conditions in that country.

Within a short time Mr. William Sturgis a representative of the Texas Land & Development Co. will be in Lancaster to explain the advantages of the lands which are being offered for sale and several Lancaster people have already signified their intention of making the trip on the excursion. The round trip fare from Junction City will be \$39.95, and even should one not make a purchase the trip is a very desirable one as an outing.

HAVE YOU Paid Us

We are authorized to announce Clayton A. Arnold as a candidate for County Judge of Garrard County subject to the action of the democratic party.

We are authorized to announce James A. Beazley as a candidate for County Judge of Garrard county, subject to the action of the Democratic party.

For Sheriff.

We are authorized to announce C. A. Robinson as a candidate for Sheriff of Garrard County, subject to the action of the Democratic party.

We are authorized to announce Ashby Arnold as a candidate for sheriff of Garrard county, subject to the action of the democratic party.

We are authorized to announce W. L. Lawson for sheriff of Garrard county, subject to the action of the democratic party.

For Assessor.

We are authorized to announce Dave C. Sanders as a candidate for Assessor of Garrard county subject to the action of the democratic party.

We are authorized to announce Mr. E. B. Ray as a candidate for the Nomination of Assessor of Garrard County, subject to the action of the democratic party.

For Magistrate.

We are authorized to announce John N. White as a candidate for Magistrate, in the first district of Garrard county, subject to the action of the democratic party.

In the dismissal of Auditor's Agent Cassidy of Louisville from the service Auditor F. P. James seems to have involved himself in no end of a muddle, and the press of the state, irrespective of political complexion are severely censuring him. The Louisville Post of the 18th inst, speaking editorially has the following to say: "Auditor James expected, by the aid and the influence of his agents throughout the State, to be rotated into the office of Treasurer. His appointees were not powerful enough to do the work their chief demanded, and he has begun their execution. One by one they are sent to the block, with the explanation that they were not 'loyal' to him, they might prove disloyal to the State."

If the Post's assertion be true, and the Auditor proposes to send to the block all of his henchmen who failed to land for him, it is a foregone conclusion that everyone on the state payroll will lose his head, for the Auditor succeeded in receiving the vote of only two counties in the state, Mercer and Boyle.

Now that Judge Walker will not make the race for Circuit Judge, it is a foregone conclusion that Judge Chas. A. Hardin will be the next Circuit Judge of this the 13th Judicial District of Kentucky. The people of this district are indeed lucky to have such a capable man as Judge Hardin as their Circuit Judge. One fact is assured that as long as we have him on the bench, we know that justice will be dispensed fairly and without favor to any man. We are glad that our brother decided not to run for to say the least, it would have placed us in an embarrassing position, and then too, the two judges are the very best of friends and have always been. It is not at all likely that any republican will make the race against Judge Harlin.

The republican lambs selected for the slaughter in next November at the hands of Senator James B. McCreary are not to find their pasturage as luxuriant from now until that day as they might expect. The steam roller methods of the O'Rear crowd at the convention was not relished by some of the unsuccessful candidates for the minor offices who were so hapless as to go under it, and already rumblings are heard within the ranks of the g. o. p. The republican ranks usually succeed in healing all differences before election day, but in this instance it looks very much as if there had been some wounds inflicted which will not easily heal. However, be this as it may, our one best bet is that the next Governor of Kentucky will be a democrat, he will hail from Madison and his name will be McCreary.

John W. Cassidy, auditor's agent for Jefferson county has received a terse note from Auditor James saying "your commission as Auditor's agent for Jefferson county has been revoked." Cassidy failed to land Jefferson county's vote for Mr. James for State Treasurer. James Reed who worked for the nomination of Oliver for Secretary of State has been discharged as custodian of the new Capitol building by Captain Farley, who is on the Capitol board. Reed was an O'Rear man. Straws are indicating the direction of the wind.

At Swanburg Island New York eighteen persons are held in quarantine as suspects, some of them being already afflicted with Asiatic Cholera. There has been six deaths from the disease and more are expected. The most stringent measures are being adopted to prevent the spread of the disease and no apprehension is felt that it will extend further than the quarantine station.

Congressman John W. Langley has been elected Chairman and Alvis S. Bennett as secretary of the Republican State Campaign Committee. Empty honors all.

The first prohibition election ever held in Montgomery county Ala. resulted in a victory for the "wets" by a majority of over fifteen hundred.

Mattie Anderson a respectable colored woman who was employed as cook at the home of Mr. J. D. Gulley, dropped dead Tuesday afternoon of heart disease.

Publish A Day Earlier Next Week.

In order to enable the Record force to take in the Fair next week we will go to press on Wednesday morning. Advertisers who wish space in next week's issue must bring in their copy not later than Monday afternoon.

Notice To Colored Teachers.

The Joint Institute for colored teachers will convene in Danville August 21. Please make preparations to be present during the entire session as teachers salary for that week will only be paid on the certificate of attendance. 7-21-5t Miss Jennie Higgins, Supt.,

At The Ball Park.

All during Fair week, beginning on Monday night the Demorest Comedy Company will show under their large tent at the Ball Park. Their repertoire of splendid shows is unexcelled by any tent show on the road, and their six acts every night will be interspersed with interesting vaudeville, so there will be no long tiresome waits. There will be a complete change of plays and scenery every night, and they should be liberally patronized by those who enjoy a good show.

Kirk Boone Killed.

Kirk Boone was found dead beside the tracks of the Q & C. railroad near Brannon station Monday night. The remains were taken to Somerset where they were buried Wednesday. Kirk Boone was a son of Capt. Sam Boone, who is well known to many Lancaster people. The deceased was a printer and comes of a family of printers. He was for many years connected with the various papers at Somerset and for a while edited a paper at Burnside. Brilliant, wholehearted, generous, hot tempered and impetuous. Kirk Boone had won many friends who will regret his untimely end.

Tuberculosis Car Here July 27 & 28th
Life has a meaning to you as it gives you joy and sorrow.

You are naturally interested in your own happiness and the happiness of your family, friends and neighbors.

If this is true, you should not fail to visit the Free Health Car while touring the county and learn some facts which perhaps have not come to your mind before.

This Car will be in Paint Lick July 25th, in Hyattsville July 26th, and in Lancaster July 27th and 28th inviting the public to visit it, see the exhibit and hear practical talks about Consumption and other infectious diseases.

With the present conditions, and the laws of nature working as they do, another 6,500 will die this year of this terrible disease. Among them may be yourself, one of your family, neighbors or friends. Therefore we ask you to visit the car and to attend an illustrated Lecture on What Everyone Ought to Know about Consumption Thursday night in Lancaster at 8 P. M. by Wm. Jesse Baird.

Every true, intelligent, patriotic and home-loving citizen who has meditated upon the enormous death rate caused by this terrible disease, noted that we have 20,000 cases in the state to day, should feel the great need of a concentrated effort upon the part of everyone in trying to stamp out Kentucky's most fatal disease.

Story Of A Dollar Bill.

Ten years ago a farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant; before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce and three times he heard of it in the pockets of neighbors. The last time he got it back four years ago he sent it to a mail order house. He never has seen that dollar bill since and never will. That dollar bill will never build or brighten any of the houses of the community. He sent it entirely out of the circle of usefulness to himself and his neighbor when he sent it to a mail-order house. Patronize your local merchant, who helps you pay your taxes, support your school and churches and lends the helping hand in times of sickness and trouble.—St. Louis Lumberman.

Where Is The Barrel.

Editor Stearns, of Nicholasville News, is mean enough to tell the following on his brother editor of that city: The thin porcelain editor of the Jessamine Journal laid down a few evening ago in a mud bed, and as soon as he got a whiff of that familiar odor he fell into a deep sleep and this was his dream: "He thought one of Curley's wagon had unloaded a barrel of his best, and that the ice wagon had left a 100-pound cake of ice, when the editor became busy, and just as the first goblet was prepared to drink, and the world seemed a fairland, the pot billigont belonging to the boy, made a rush, and striking the editor just below his nose book, when he cried out, 'yes, man, I'll be good.'"

Too bad Mr. McCarty, we will bet that this would never have happened to Editor Stearns for he would have gone to Lexington to have this dream, and left the "Pot" at home.

Obituary.

Mr. Isaac A. Onstotts was born May 16, 1854 near Lancaster, Ky. He was married to Miss Peachie Ray Oct. 8, 1874. They moved to Davies County Ky., about thirty five years ago where they have lived and been highly respected people, they have one son and daughter buried at Lancaster, one son and his family live with his mother. One daughter Mrs. Robert Barker who lives near Bryansville. They have five grandchildren. Mr. Onstotts was a kind and devoted husband, a loving and indulgent father, a good neighbor, above all he was a devoted Christian. One who loved his Sunday school work, and was always in his place at church. He was always ready and willing to help the cause of his Master. He has been afflicted for several months but was always kind and gentle to his family and will be greatly missed by them. He was always ready to advise with them in the duties of life, he was for the right all the time, his was a clean life such as all should desire, and a life last prayers was for his children and grand-children that their lives might be pure and clean. Peace to his ashes. A Friend.

Kentucky Game And Fish.

Unless something is done in the near future to prevent the wholesale destruction of fish and game in and out of season, Kentucky fields will be bare of birds and the streams without fish. Even now there is but little use of the gun or pole and line, and the scarcity of game and fish is a constant inducement to violation of law in the shooting of game out of season and in the use of dynamite and seines.

Two things are necessary for the preservation of the game and fish. One of these is the protection of the game now existing, and the other is the stocking of streams and fields by means of fish hatcheries and game preserves.

The killing off of the game was a result of a prejudice against game laws, based on the belief that game laws were advocated solely for the benefit of city hunters, but the people now realize that good game laws are for the benefit of everybody.

The Kentucky Fish and Game Protective Association is now trying to get every hunter and fisherman in the State interested in the passage of better laws along this line. One of its plans is for the State to charge a license of one dollar per year to every man who hunts on other men's land, and to charge non-residents of Kentucky at least ten dollars per year for hunting in this State. Similar laws are now and have for years past been in force in every State in the Union except Kentucky and about three other States.

Under such a law a sufficient fund could be raised to employ men to see that the fish and game laws are enforced, and to provide stocks of fish and game for every field and stream in the State. Of course, if a man doesn't care a dollar's worth about hunting he wouldn't have a license, and the burden would fall on those who would be glad to pay so small a sum for so much pleasure.

One of the big benefits to be derived by the farmers would be the enforcement of the posting laws and keeping trespassers off of their lands. Under the present conditions, a great many farmers allow themselves to be imposed upon rather than to drive hunters away, but a paid game warden would have no such feelings in the matter.

In order to make the employment of wardens non-political, it is proposed to put the employment of the wardens under the supervision of a non-partisan commission of four, two to be selected by the Senate and two by the House of Representatives, who shall serve without compensation except for necessary expenses.—Ex

The Great Importance Of The Office Of Sub-District School Trustee.

On the 5th day of August there will be chosen a school trustee in each one of the sub-districts of every county in the State. The number in Jeffersonson County will exceed one hundred and the total in all the counties will probably exceed ten thousand, quite an army this. Before the Sullivan Law enacted about three years ago, there were trustees chosen in each of these districts, say around thirty thousand; of this number, it was said, five thousand of them could not read or write. Do we need to go further to find cause for the languid prosperity of the State? Each trustee has in charge from forty to one hundred pupils. He is charged with their proper and comfortably healthful housing, the selection of their teacher and the general oversight of the school. It is reliably stated that many of these acting trustees do not enter their schools more than once or twice a year. So low has this office fallen in the estimation of the people in some sections of the State, that it is difficult to get anyone to serve. I was present at the first meeting of one of the district boards of Jefferson County under the Sullivan Law. When we were talking over the improvement of school conditions, one of the sub-district trustees rose and said, "Gentlemen, for God's sake, come and help me. I am here, elected by one vote and I had to go out and bring that man in to vote for me, so little interest do the people take in their school affairs."

It seems as if the management of our educational matters might be likened to the building of a house wherein the builders gave all attention to the roof and upper part, ignoring completely the foundation upon which the security and well being of the structure depends.

These sub-district trustees are the very foundation stones of our common school system. If these stones are rotten or faulty, you cannot have a safe and satisfactory structure. Such exactly is our condition, just as effect follows cause. Now follow Kentucky! Father! Mother! Patrons! of the school, all, it is readily within your power to remedy many of the ills which afflict our school system, and you can do it with little trouble and no expense. How? By getting together in each sub-district and resolving to put into the office of trustee the broadest minded, most level headed, most active and incorruptible man in the entire district. You will not, as a rule, find him asking for the place. He will, if suspecting what you want, more likely be "taking to the woods," but no matter, select him and then make him serve. Such a man will be a busy man and will have many excuses, but by persistence and insistent persuasion, you will get through his "hard pan" and down where he really lives, and there you will find a patriot, who seeing his duty, will do it. In addition to each one of the duties devolving on this sub-district trustee, concerning his individual school and which no one else can do, and which must and will go undone if he fails, these trustees have in their hands the make-up of the County Boards of Education and these boards having large discretionary powers are necessarily important factors in school government. As the stream cannot rise higher than its source, so the ability and usefulness of the County Board cannot rise above the calibre of the average of the trustees who make them. Be careful and do not let any man be put in as a trustee because he has a sister, brother, aunt or cousin who wishes to become a teacher. Such teachers are almost invariably employed at the expense of the children's interests and this I am fully satisfied has been one of the fruitful causes of present conditions. Do not let sympathy, charity or friendship come in between the children and their rights; to do so is to prostitute those noble qualities to an ignoble end. Let merit alone be the measure of the teacher and trustee. Once you get this kind of men in office throughout the State, they will find a way out of all our mazes of difficulty. Now here is a plain duty, easy of accomplishment and absolutely with no money cost. Will you get up and do it, or will you sit idly by and let it go undone? Will you allow another year of indifference to the plainest and most pressing of duties to pass, thus cheating several hundreds of thousands of children out of their birthright, which is time and opportunity to get an education whereby they may meet more successfully the rough and hard battle with the world, which so inevitably awaits them? What shall the answer be? and consequently "what shall the Harvest be?" You may say you have no interest in the selection of a trustee because you have no children to send to school. This does not lessen the responsibility, except in a temporary and selfish way, because your neighbor's children in the next generation, or in a very few years will become men and women who take up the responsibility of citizenship. Some of them will be in office, and when you educate your neighbor's child you are elevating your own community and performing a God given duty to humanity. In one word, the election of a good, well qualified sub-district trustee is your most important civic duty at this time.

Respectfully submitted in behalf of the Louisville Commercial Club Educational Committee, John B. McFerran, Chairman.

Parson's Poem A Gem.

From Rev. H. Stubenvoll, Allison Ia., in praise of Dr. King's New Life Pills. "They're such a health necessity. In every home these pills should be. If other kinds you've tried in vain, USE DR. KING'S And be well again. Only 25c at R. E. McRoberts & Son.

BUENA VISTA

Miss Mary Stotts has returned to her home at Nicholasville.

Mr. and Mrs. Hugh Christopher have been visiting relatives at Lexington.

Mr. John Proctor and family of Mercer spent Sunday with Will Scott and family.

Mrs. T. F. Walton and children of Bradfordsville are the guests of Mrs. Walton's parents.

Mr. and Mrs. Leathers of Faulconer spent last week with their daughter Mrs. W. H. Duncan.

J. B. Ruble, Raymond, Victor and Robert Ruble, also Tom Scott were visitors in Cincinnati Sunday.

Mr. and Mrs. S. N. Davis accompanied by their little daughter attended church here Sunday and were guests at William Christopher's.

Mr. and Mrs. Oscar Lane, Mrs. Fadlack of Danville and Mrs. Ben Lane of Lexington have been visiting their mother Mrs. Mame Lane.

The body of Mrs. Buck Ford who died at her brother's at Wilmore was brought here for burial last Tuesday, interment at Mt. Olivet burial ground.

Wade Miller a colored man of the Flatwood vicinity who was working for Mr. Parsons died here Thursday night and taken to his old home for burial.

Mr. James Temple who had been in bad health for some time died suddenly at his home Friday. He had returned from Nicholasville a few hours previous to his death, burial at Mt. Olivet Saturday afternoon, sympathy is extended to the stricken family.

KEEP THE KIDNEYS WELL.

Health Is Worth Saving, And Some Lancaster People Know How To Save It.

Many Lancaster people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Lancaster citizen's recommendation.

Mrs. T. S. Elkin, New Danville Pike, Lancaster, Ky., says: "I feel grateful to Doan's Kidney Pills for the benefit they have brought in my family. My back was very lame and there was a constant pain at the base of my spine. Doan's Kidney Pills went at once to the root of my trouble and entirely re-

lieved me. Another member of my family was bothered by attacks of lumbago and his back was so weak and lame that walking was difficult. Doan's Kidney Pills, procured at Frisbie's Drug Store, brought relief in this case just as quickly as they did in mine. I have not the slightest hesitation in recommending this remedy, as I know it lives up to all claims made for it." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Texas Land Development Co., Kansas City, Mo.

Gentlemen:—
I have just returned from your Texas lands and I am very much pleased with the trip. I found everything just as you represented it and liked the land well enough to buy some of it. I expect to go to my land about Dec. 1st to spend the winter as I don't think I could find a more delightful climate in which to spend the winter.

Yours truly
(Signed) GEO. B. WILLIAMS.

O. W. WITT

Judge of Estill County.

Irvine, Ky., June 29, 1911.
To whom It May Concern:—

I have inspected Tartugetta pasture in Southwest Texas and find it to be all that is claimed for it by the Texas Land Development Co. Although the farmers in this section were not through planting corn, I found the first crop of corn cut and in the shock in Texas. I talked with a number of farmers and found all of them prosperous and content and making more money than it seems possible to make on a farm. The climate was ideal and every man in our party purchased a farm.

Yours truly,
(Signed) O. W. WITT.

No Droughts.

Kansas City, Mo., July 10, 1911.
Mr. W. S. Fish, Stanford, Ky.

Dear Sir:—
At the request of the Texas Land Development Company. I am writing you a personal letter relative to the standing of this company, which I understand is composed of very prominent business men whom we believe have the ability of handling the proposition. Mr. R. T. Burge is at the head of the selling company and I fully believe you can rely upon anything he may tell you. Yours truly,
(Signed) R. C. MENEFFEE.

PIONEER TRUST CO.,

Capital & Surplus \$600,000

Kansas City, Mo., July 10th 1911.

Mr. W. S. Fish, Stanford Ky.

Dear Sir:—
Mr. R. T. Burge, of the Texas Land Development Company has been doing business with us for several months and came to us highly recommended by the Commerce Trust Co., with whom he has done considerable business for several years. They stated that they had a very high opinion of Mr. Burge and his business methods. Our experience with Mr. Burge has been most satisfactory. We think, in view of our own experience and the experience of the Commerce Trust Company that Mr. Burge is entitled to the confidence of the investing public. Yours truly,

BLUE GRASS FAIR

FIFTH ANNUAL EXHIBITION OPENS AT LEXINGTON MONDAY, AUGUST 7TH, FOR SIX DAYS.

Fair Bigger and Better Than Ever This Year—Numerous Attractions, Including U. S. Marine Band and Aeroplane Flights By Daring Bird Men.

The fifth annual exhibition of the Blue Grass Fair association at Lexington, Ky., begins on Monday afternoon, August 7, and continues six days and nights through Saturday, August 12th.

Since its organization in 1906 the Blue Grass fair has taken full rank with the largest and the best of the state fairs and expositions of North America. It has very justly come to be known as the greatest horse show in the world. It is the only fair which offers a full quota and classification for breeding classes of the three great breeds of American horses, as well as show classes, simplified and arranged in a manner which makes their distinction clear.

Pitched on a larger and more extensive scale than ever before, with the certainty of increased interest on account of various added features, this year's fair promises to eclipse all records. Numerous additional and improvements have been made in the matter of rugs and amusements features have been secured of a kind and to an extent that justify the belief that the fair will prove not only more valuable than ever to the live stock interests of Kentucky, but also more attractive to those who visit it.

Three stakes are offered in the show classes for saddle horses. In addition to the first contest in the National Saddle Horse Futurity, which will hang up for weanling colts a total prize of three thousand dollars.

The fair will be opened at two o'clock on Monday afternoon, August 7th. Effort is being exerted to secure the presence of a speaker of national prominence, who will deliver a brief address. Following this, interesting show rings will be seen, races will be contested and a band concert by the noted United States Marine Band from Washington City will continue throughout the afternoon. Monday night at 7:45 the evening concert of the Marine Band will begin and the famous aggregation of Herbert A. Kline's world renowned carnival shows will offer opportunity for entertainment and amusement.

On Tuesday morning, August 8th, the big horse show, always a most interesting feature of the Blue Grass fair, will be seen, and hereafter cattle will also be shown. Various breeds of sheep and swine will be judged in the pens and the poultry judging will take place in the poultry house. The outstanding feature of Tuesday afternoon will be the contest for the National Saddle Horse Futurity, in which fifty or more colts will compete for the prize of three thousand dollars. There will also be various interesting rings for all kinds of show horses.

Also on Tuesday afternoon the first of the week's aeroplane flights by Mr. J. A. D. McCurdy will be given. In addition to flights over the grounds, in which he will attain an altitude of more than a mile, Mr. McCurdy will make a trip from the grounds to the city of Winchester, eight miles distant, carrying to the mayor of Winchester a letter from the officials of the Blue Grass fair. He will alight at Winchester and receive an answer to this letter and then leave immediately on his return trip. He expects to make the journey in a little more than one hour's time.

On Wednesday morning will be seen in front of the grand stand the classes for jack stock and the breeding classes for standard bred horses, which all ways afford one of the best shows during the week. On Wednesday afternoon's program appears the famous Blue Grass fair stake for five-gaited saddle horses, which for the past three years has produced the best show of five-gaited horses to be seen anywhere in the world. There will probably be twelve or more entries to this stake this year and an exciting contest is certain to result.

SADDLE HORSES

WILL CONTEST FOR RICHEST PRIZES EVER OFFERED—CONDITIONS PROVIDE FOR THREE CONTESTS.

First Show Brought About Through the Organization of the National Saddle Horse Futurity—Great Show of Colts Ever Seen on Any Fair Grounds.

On Tuesday, August 8th, the second day of the Blue Grass fair at Lexington, will be contested the richest prize ever offered for saddle horses. It will be the first show brought about through the organization of the National Saddle Horse Futurity.

This stake was opened by the Saddle Horse Chronicle Publishing Co., early in the year of 1911. Its conditions provide for three contests, the first this year when the eligibles are weanlings, the second in 1912 when they are yearlings, and the third in 1913 when they are two-year olds. Under its published terms the stake is divided into two portions, one of which is contested at the Blue Grass fair at Lexington and the other at the Missouri State fair at Sedalia, Mo.

Each nominator has the option of choosing at which fair he will make his entry. As probably seventy-five per cent of the eligible colts are in Kentucky, this proportion of the show will be held at the Blue Grass fair and consequently the larger amount of money to be distributed as the result of the futurity will be hung up at Lexington.

Every indication points to the greatest show of colts ever seen on any fair grounds. There are about ninety eligibles at the present time and it is altogether probable that a minimum of fifty will be seen in the ring on the afternoon of August 8th at the Blue Grass fair. The prize for which they will be shown is well worthy of such a ring. It will aggregate close to three thousand dollars. As under the conditions of the stake there will be ten monies, each colt shown has a first-class chance at some part of the prize.

This great feature, of itself, should make Tuesday the banner day of the Blue Grass fair. But when it is recalled that, in addition, on that afternoon Aviator J. A. D. McCurdy will make a flight from the Blue Grass fair grounds to the city of Winchester, eighteen miles distant, and return, within an hour, the outstanding importance of Tuesday, from the standpoint of a visitor to the fair, can readily be understood. The management seems justified in feeling and in predicting that it will break all records in the history of the association.

MR. HAGGIN'S EXHIBIT

A Kentucky Jersey fancier, J. B. Haggin, owner of the magnificent Elmendorf farm near Lexington, recently paid \$28,000 for two Jersey bulls at public auction. He bought at the Cooper sales in Pennsylvania Noble of Oakland at \$15,000 and at the Stills at Kirksville, Mo., Viola's Golden Jolly for \$13,000. At the Cooper sale, also, Mr. Haggin paid \$7,000 for the famous cow, Lady Viola. These are the three highest prices ever paid for three head of Jersey cattle in this country. All three will be shown in the Elmendorf herd at the Blue Grass fair at Lexington on Friday, August 11th.

Eczema Cure A Beauty Wash. 2

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin disease, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

Get a 25c bottle today and keep it in the house. For sale by all druggists.

MARKSBURY.
 Mr. Johnson of Illinois is visiting her sister Mrs. Ammons.
 Miss Susie Cable of Broadhead is visiting her brother Mr. C. C. Cable.
 Messrs Tom Marce and John Pratt went to Camp Nelson Sunday to attend a picnic.

Miss Mary Chesnut went to Lexington to make a several days stay with Mrs. John Woods.
 Mrs. Ap Price and Mr. Charles Dunn of Lancaster have recently been visiting her sister Mrs. Ed Perkins.
 Mrs. Mahan has returned from Tennessee where she has been with her mother who has been quite sick.

Mrs. Ben Hughes and Della Rice Hughes of Lancaster have been visiting her mother Mrs. Margaret Sutton.
 Miss Lula Simpson has just concluded a six weeks visit to Mrs. M. F. Ruff Fayette county and relatives in Lexington.

The Pleasant Grove Sunday School had a picnic at King's Mill Saturday. An abundance of everything was provided and every one present enjoyed the day.
 Mr. Jonah Marce fell off a wagon last week injuring his right arm which broke the fall. He was considerably stunned and had to have assistance before he could get up.

Messrs D. S. Swope and Henry Burdette returning from church Sunday night were struck by a passing vehicle throwing them to the ground. The young gentleman who was driving like Jehu trying to head every thing on the pike and having a small amount of courtesy in stock, pressed on with a light hello leaving his victims prostrate in the mud, fortunately there was no harm done only their best suits were ruined by the mud.

DRUGGISTS or by express, \$1 PER LARGE BOTTLE, with directions for home cure. SAMPLES SENT FREE by writing Blood Balm Co., Atlanta, Ga. Describe your trouble and free medical advice given. Sold by F. P. Frisbie. 1-m

PREACHERSVILLE.
 Little Miss Gertrude Adams is quite ill.
 Miss Sarah Howard who taught the Hobbs school last year is teaching the Whites Mill school.
 Miss Mary Pettus, a graduate of the E. K. N., of Richmond will teach the school at this place.
 Mr. Quincy Carpenter, of Lancaster, is a visitor at the home of his father, Mr. S. D. Carpenter.
 Mr. and Mrs. Grover Gastineau, of Point Leavell, with their pretty little daughter, were visiting Mr. and Mrs. John Naylor.
 Miss Lela Cress, the popular daughter of Judge Wm. R. Cress, of Monticello, has been visiting her uncle, Mr. J. M. Cress and other relatives here.
 During the storm last Friday, lightning struck and killed a nice mare valued at \$225.00, for Mr. W. D. Peters, of Crab Orchard. The animal was in the pasture of F. F. Cummins.
 Lightning played a queer freak at the home of Wm. Brewer, a farmer living near here in Garrard. A gentleman who had tied his horse to a tree, went in the house out of the storm, a bolt of lightning struck the tree, knocking the horse senseless. After the animal regained its feet it was put in the barn. A second bolt hit the barn and killed the horse.

Kill More Than Wild Beasts.
 The number of people killed yearly by wild beast don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c at R. E. McRoberts & Son, 1-m

Mr. and Mrs. Howard Rice have gone to Lancaster for a visit before returning to their home in Richmond, Indiana. Miss Lula and Mollie McWhorter, and brother, Harry, of Paint Lick, are visiting their sister, Mrs. O. H. Hendren. —Messenger.

Escapes With His Life. "Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctor said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds, and all bronchial affections. 50c & \$1.00 Trial bottle free at R. E. McRoberts & Son. 1-m

"The Flowers of Yeddo." Japan has, owing to its wooden houses, many fires, but it is old that 't should be proud of them. But, according to Mr. Inouye, "In old Yeddo fires were known as the 'flowers of Yeddo,' being as much among the great sights of the city as the cherry blossoms on the southeast bank of the river Sumida, the morning glories of Irya or the chrysanthemums of Dan-gozaka."

FARMER'S COLUMN

space below this heading is for the exclusive use of our farmer-subscribers, and is for the sale of stock, grain and such things on farm as the farmer cannot afford to advertise. No notice will be accepted over four lines, and will be only in two issues of the Record, free of charge.

Mr. W. L. Grow sold to Mr. Lem Teater a calf for \$15.

J. N. Ross sold to Logan Hubble one suckling mule for \$125.

Chas. Graves, of Paint Lick, has a nice short horn bull for sale.

FOR SALE—One good yearling Bull. J. H. Thompson, Proachersville, Ky.

FOR SALE—Sow and nine pigs. J. H. Thompson, Proachersville, Ky.

Look out for ticks, your sheep cannot fatten if they are troubled with these pests.

Mr. H. R. Montgomery had a fine work mule to slip into a hollow last Thursday and die.

Pigs that are apt to have "differences of opinion" should be separated. Fighting takes off flesh.

Stagnant water should never be allowed to convey parasites.

LOST HOUND:—Yellow spot, name on collar; J. M. B. Reward if returned to J. M. Broadbent, Phone 395-G.

Breeding ewes should not be too fat; see to it that they are in a strong, healthy and vigorous condition.

FOR SALE—ninety good young Ewes and eight good Hinds. J. F. Thompson R. F. D. No 4 Stansford Ky. Phone 382 S.

D. F. Rankins bought of some parties in Wayne County 60 head of cattle weighing from 800 to 1,000 pounds at 4-4 1/2 cts.

Poultry house manure is a wonderful thing for the garden, but it should not be applied in the hill, or it will burn the roots of the plants.

Do not keep more roosters than are needed to insure fertile eggs. Dispose of the surplus cockerels and save the feed that they consume.

The average weight of wool per fleece this year is 6.8 pounds, compared with 6.7 pounds last year, and 6.5 pounds the average of the past ten years.

Two hundred and sixty-three horses were burned to death in a fire which destroyed the stables of the Dixon Transfer Company in Chicago last Sunday morning.

A few trees in the pasture add greatly to the comfort of the sheep, these days. If you can't have them, set up a few posts and cover a bit of ground

over for a shed.

A queen bee is like a hen, she will lay more eggs her first laying year than any other, and it is the vigorous queen that produces abundance of bees when we need them.

Upon vigilance in keeping the roots nests and runs sanitary will largely depend your success in raising the little chicks you have recently hatched. Keep the premises sanitary.

Feeding fowls is very important. No one would be willing to follow the "hit or miss" plan in feeding livestock nor should fowls be treated in this way. Feed your birds intelligently.

Hog cholera has broke out in Boyle county, Ky., and many porkers have died. Prof. Charles Guernard, of the Kentucky Experiment Station, is on the ground vaccinating the live ones in the affected communities.

That the horse breeding industry will be greatly benefited and stimulated by free trade with Canada is clearly shown by the fact that the value of horses sold by breeders and dealers in the State to the Canadians reached the magnificent total of \$14,172,075 and the value of those imported from Canada was \$2,549,201. With free trade relations between the two countries, the increase in the volume of business cannot be estimated.

The State census bulletin of Illinois for 1910 shows that the value of horses and colts was \$163,000,000, while the report for 1909 was but \$69,600,000, showing a gain in a single year of \$93,400,000. Ten years ago the value of the cattle in the state greatly exceeded the amount invested in horses; but today the situation is reversed amazingly regardless of the fact that the raising of cattle should have been extremely profitable by reason of the high price of beef.

A good market for the American trotter is rapidly growing in Australia. Many new breeding establishments are being started every year and a growing demand for American trotting stallions and mares of good breeding is apparent. The light harness horse races in that country are gaining in popularity. At a recent public sale held at Melbourne, where several trotters and pacers were sold, thirty-one American bred horses were snapped up at long prices.

The terrible drought that has prevailed in the Northwest for some time has been considerable of a handicap to the trotting meetings in that section of the country. The dust on the country roads is said to be many inches deep and driving over them in the broiling sun occasions so much discomfort to men and horses that farmers prefer to remain at home rather than attempt it. Even with such a severe handicap, however, all the meetings held to date have been well attended and successful.

The experiment of handicapping

trotters and pacers by weight, instead of time records or distance is to be given a pretty thorough try-out at the Grand Rapids meeting July 25 to 28, and will no doubt attract a great deal of attention. This plan was experimented with by Horace Wilson, Secretary of the Lexington Association, some years ago, who pretty thoroughly demonstrated that it was practicable, but for one reason and another the idea was never extensively tried at a big meeting. At the Grand Rapids meeting it will be tried in a sweepstakes race for trotters eligible to the 2:10 class, or better, and for the pacers with records of 2:05 or under. An owner may start as many horses as he chooses. The entrance fee is \$50, with \$500 added by the association.

Messrs J. E. Sherrow and L. E. Speaks delivered to Mr. Joe Lope a bunch of cattle at \$4 and 4c per lb.

John L. Francis sold a three year old saddle horse to C. F. Davis, county school Superintendent of Whitley county, for \$200.

Rev. C. C. Brown sold a registered cow and two calves to J. H. Otter of Danville for \$125.00

MALARIA

headache, biliousness, indigestion, rheumatism, pimples, blotches, yellow complexion, etc., are all signs of poisons in your blood. These poisons should be driven out, or serious illness may result. To get rid of them, use

Thedford's Black-Draught

the old, reliable, purely vegetable, liver medicine.

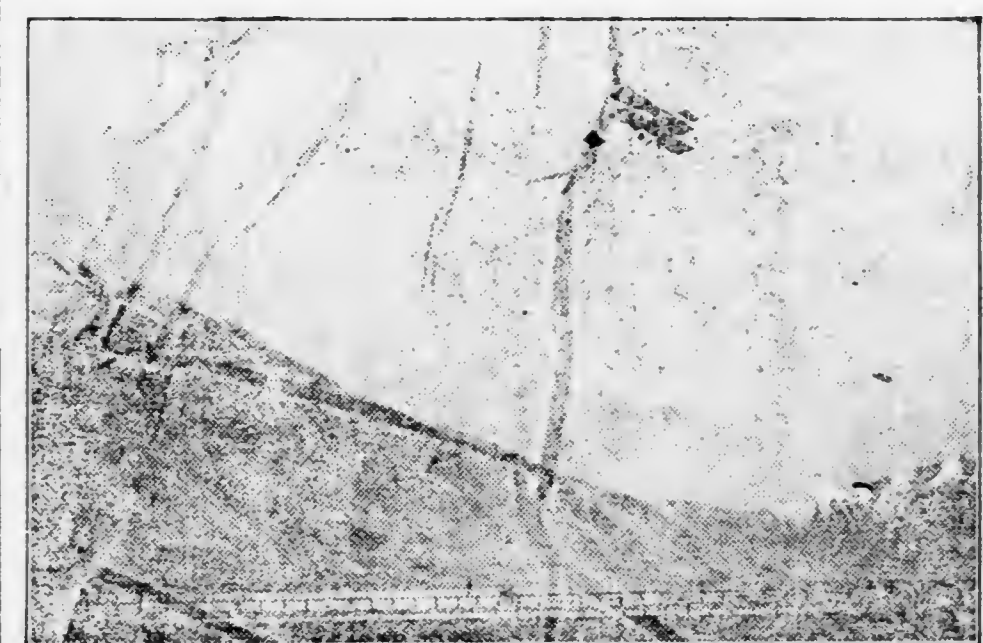

Mrs. J. H. Easter, of Spartanburg, S. C., says: "I had sick headache, for years. I felt bad most of the time. I tried Thedford's Black-Draught, and now I feel better than when I was 16 years old." Your druggist sells it, in 25 cent packages.

Insist on Thedford's

FOLEY'S HONEY AND TAR Cures Colds; Prevents Pneumonia

AEROPLANE FLIGHTS BY BIRD MEN AT LEXINGTON FAIR

Flights Will Begin on Tuesday and Several Will be Made by J. A. D. McCurdy Each Day Over Lexington

Aeroplane Flight of J. A. D. McCurdy Over the Rocky Mountains in Colorado.

Outstanding in importance among the amusement features arranged for the big Blue Grass fair, which will be held at Lexington the week of August 7th to 12th, are the daily aeroplane flights to be given by the world famous aviator, Mr. J. A. D. McCurdy.

No other modern science is the subject of so much interest today as the effort to perfect aerial navigation. Among those engaged in this work, Mr. McCurdy holds a foremost place. The feats which he has already accomplished have given him a reputation that is not confined to the American continent, but extends throughout the world. A nephew of Dr. Alexander Graham Bell, inventor of the Bell Telephone, Mr. McCurdy has been placed all his life in the closest touch with foremost scientific investigation, and his work with heavier-than-air machines has done much for the development of the science of navigation.

Perhaps best known among his accomplishments along this line is the flight made last winter from Tampa to Havana. It was the longest water flight in the history of aviation and proved beyond peradventure the absolute practicability of the aeroplane. In addition Mr. McCurdy was the first man to send a wireless message from an aeroplane, and he has made numerous other experiments and flights that have not only been spectacular, but have been of large service in the advancement of the science to which he has devoted his life.

Formerly connected with the Glenn H. Curtiss Co., Mr. McCurdy has now a powerful organization of his own and is building his own machine. He is using the world famous Gnome motor, which holds all records in aviation for distance, duration, speed and altitude. The speed of the new McCurdy machine, which will be shown to the American people for the first time at the Blue Grass fair, is equal to that of
